Chrome Spray Finishes

The Future of
Mirror-Like Coatings
is Here

BRILLIANT CHROME EFFECTS
ON ANY SURFACE.

Introduction

Shine Beyond Imagination

Lazlo's Chrome Spray Finish is a breakthrough decorative coating system that replicates the high-gloss, mirror-like look of real chrome using an advanced chemical process. Unlike traditional chrome plating, our system is more flexible and can be used on nearly any rigid surface.

Think of it as liquid mirror technology.

What Makes It Special?

Why Lazlo Chrome Spray?

Works on almost any rigid substrate:

- Ceramics, plastics, rubber, wood, metals, MDF, terracotta, and more
- Seamless, high-gloss chrome finish in various tones
- Can be overcoated for enhanced durability - indoors and outdoors
- Compatible with contoured, complex surfaces/shapes
- More sustainable and flexible than traditional electroplating

Where Can You Use It?

From Decor to Packaging Infinite Applications

Interior decor:

Chrome wall panels, feature ceilings, lighting accents

Furniture:

Legs, trims, handles, side tables, even full surfaces

Retail & displays:

Visual merchandising elements, mannequins, signages

Gifting & packaging:

Luxury boxes, caps, decorative items

Art & sculpture:

Mixed-media works, installations, museum pieces

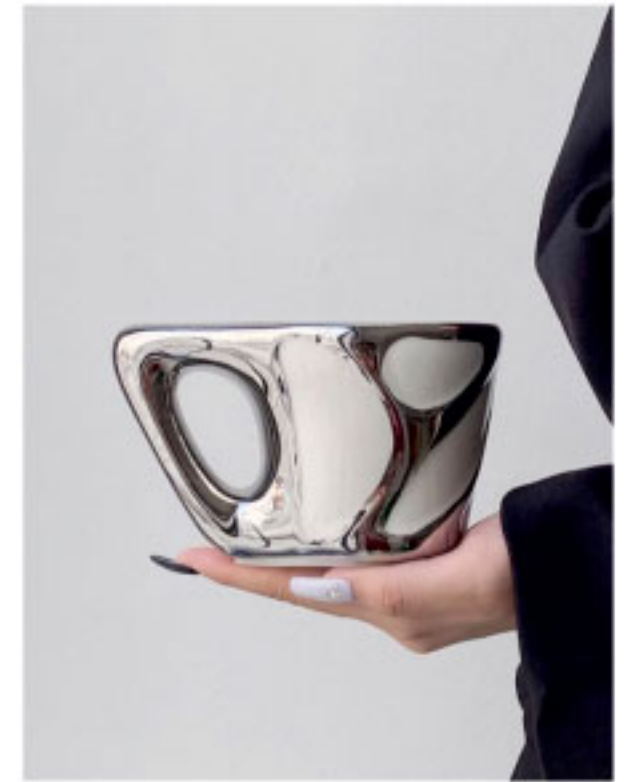

Auto & custom parts:

Styling accessories and cosmetic enhancements.

Event & stage design:

Props, backdrops, installations

*If it's solid,
we can chrome it.*
