

Innovative. Elegant. Timeless.

Redefining Surfaces with **Real Metal Finishes**

LIQUID METAL COATINGS

Transform the Ordinary into the Extraordinary

Lazlo introduces a revolutionary Liquid Metal technique that turns everyday materials into high-end metallic masterpieces.

By spraying real metal onto rigid surfaces, We make bold design ideas possible in architecture, interiors, furniture, and art.

Real Metal Coatings for Almost Any Surface

Our technique applies a seamless layer of real metal to a variety of rigid substrates, including:

WOOD

MILD STEEL

GLASS

FRP

PLASTIC

MDF

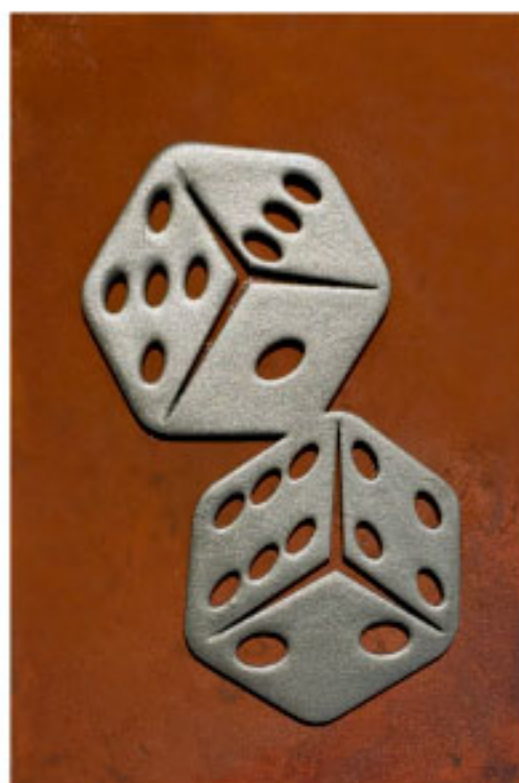

ACP

CONCRETE

KOREAN SHEETS

The result is a tactile, elegant finish that looks and feels like solid metal

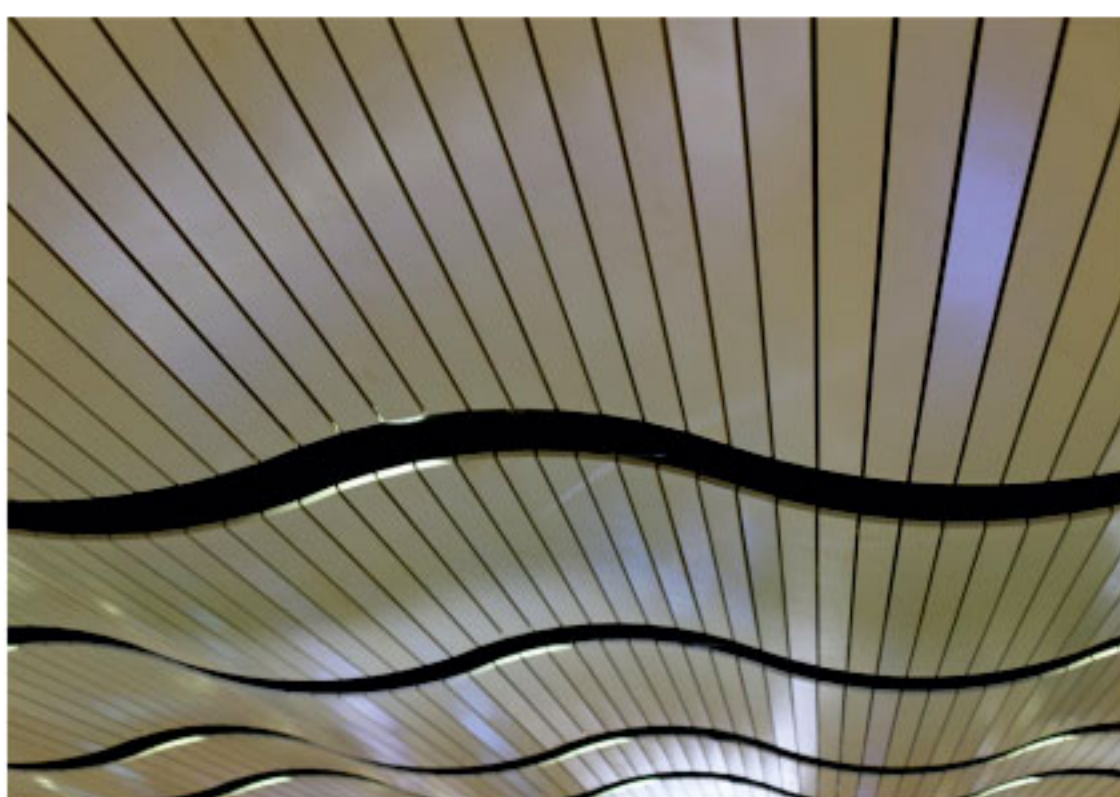

- ideal for both indoor and outdoor environments.

Artistry Meets Function

Use Lazlo Liquid Metal to craft:

- Custom Furniture
- Wall Art & Feature Walls
- Ceiling Installations
- Designer Door Skins
- Sculptures & Art Pieces
- Architectural Details

A Palette of Pure Metal

Choose from our signature
collection of genuine metal
finishes:

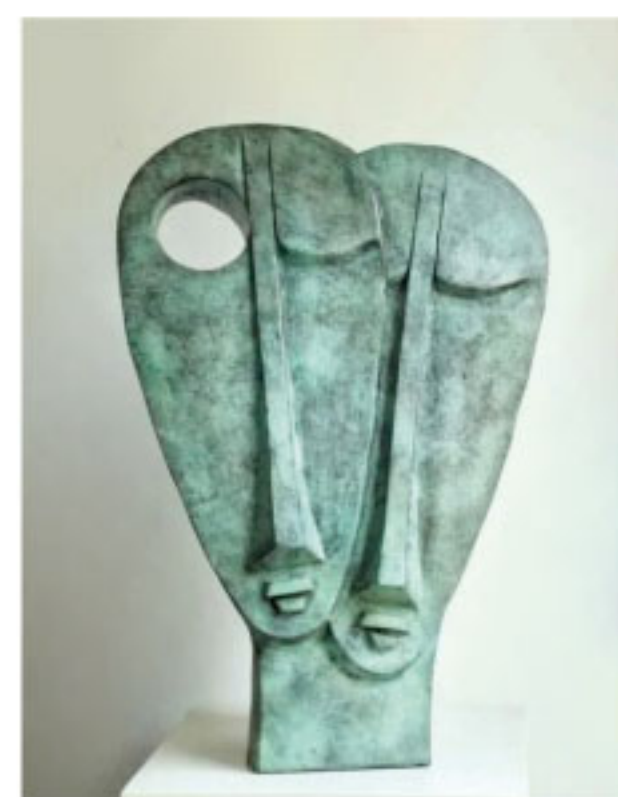

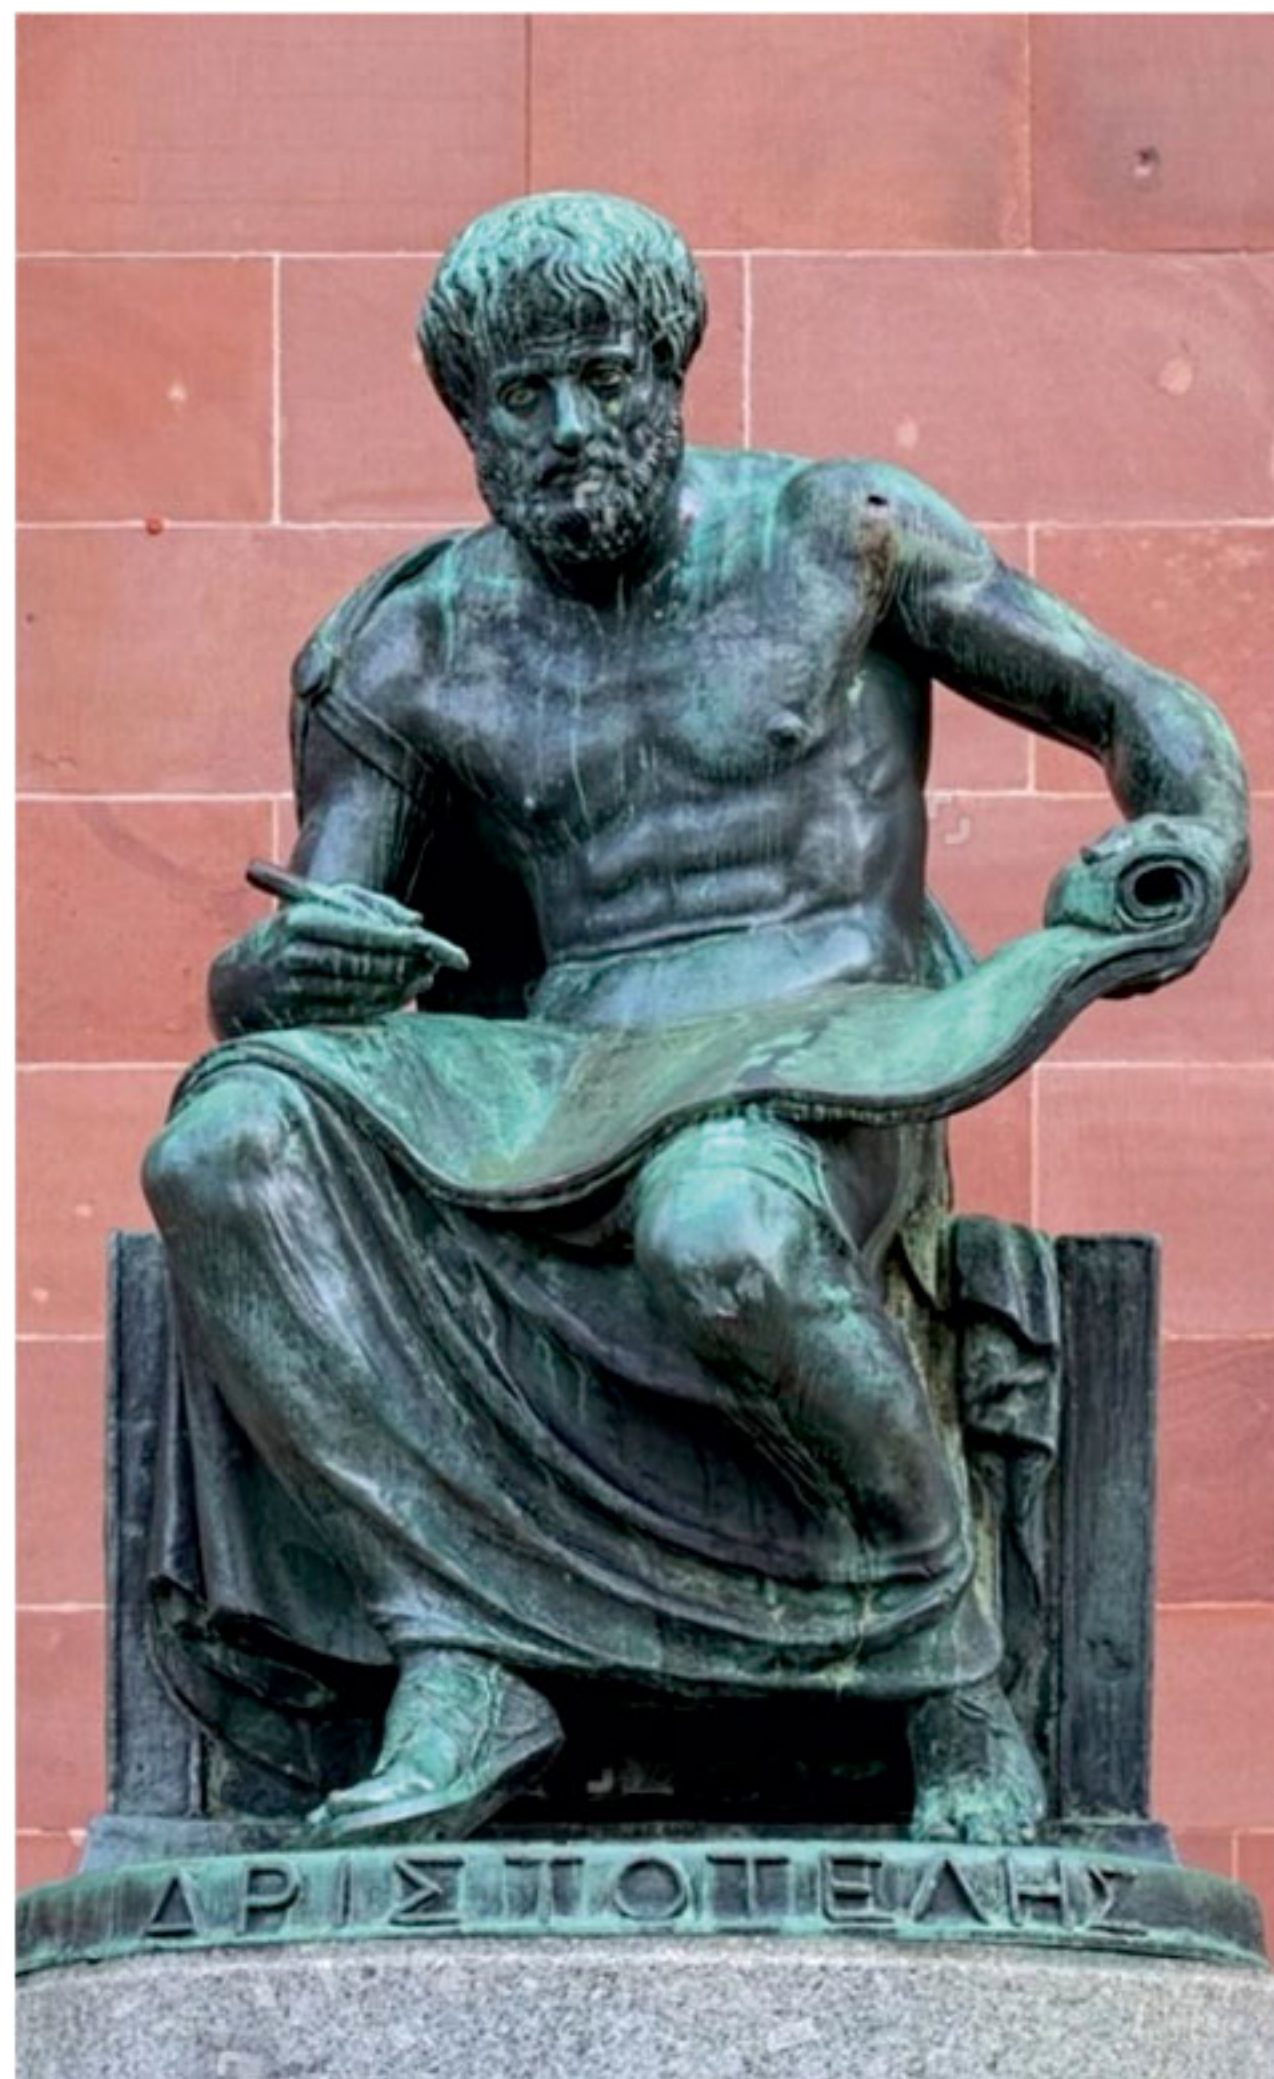

Custom alloy blends available on request

Craft the Antique Aesthetic

Lazlo offers handcrafted patinas and oxidized effects that give surfaces timeless beauty.

Through controlled aging techniques, we achieve stunning textures like rusted iron, verdigris copper, antique brass, and more - each one one-of-a-kind.

From Studio to Site

We provide
complete project solutions:

IN-HOUSE JOB WORK

Custom finishes at our workshop,
