

Innovative. Elegant. Timeless.

PATINA SURFACES

Instantly Vintage,
Forever Classic

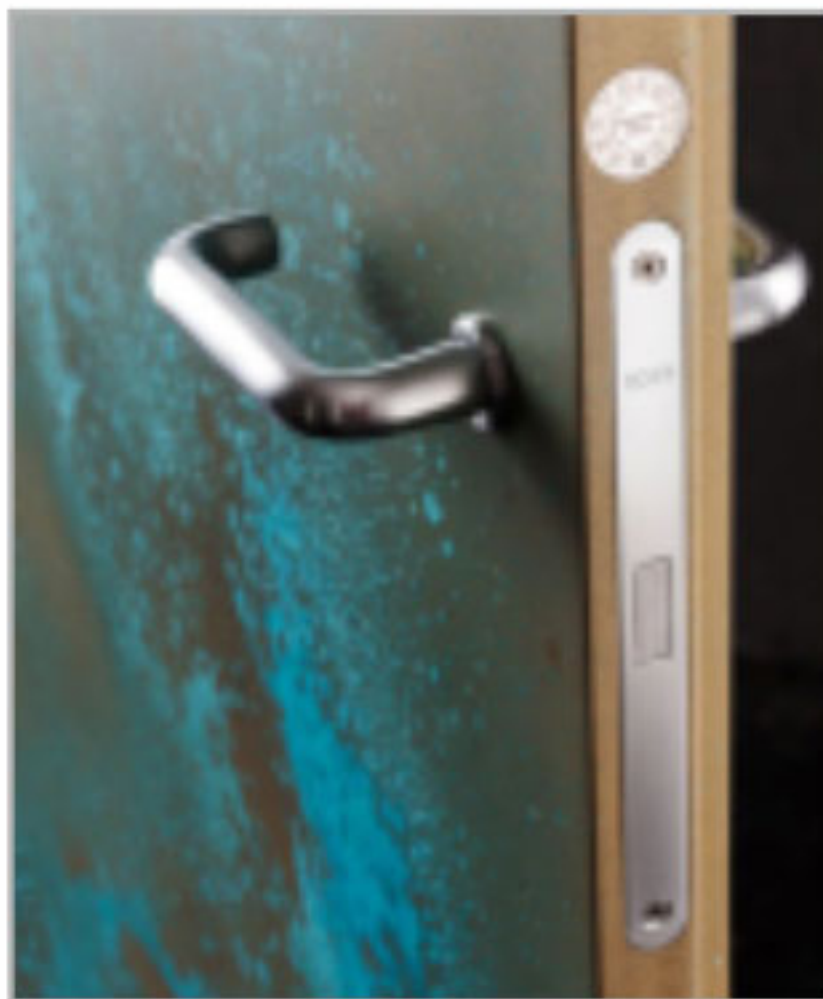

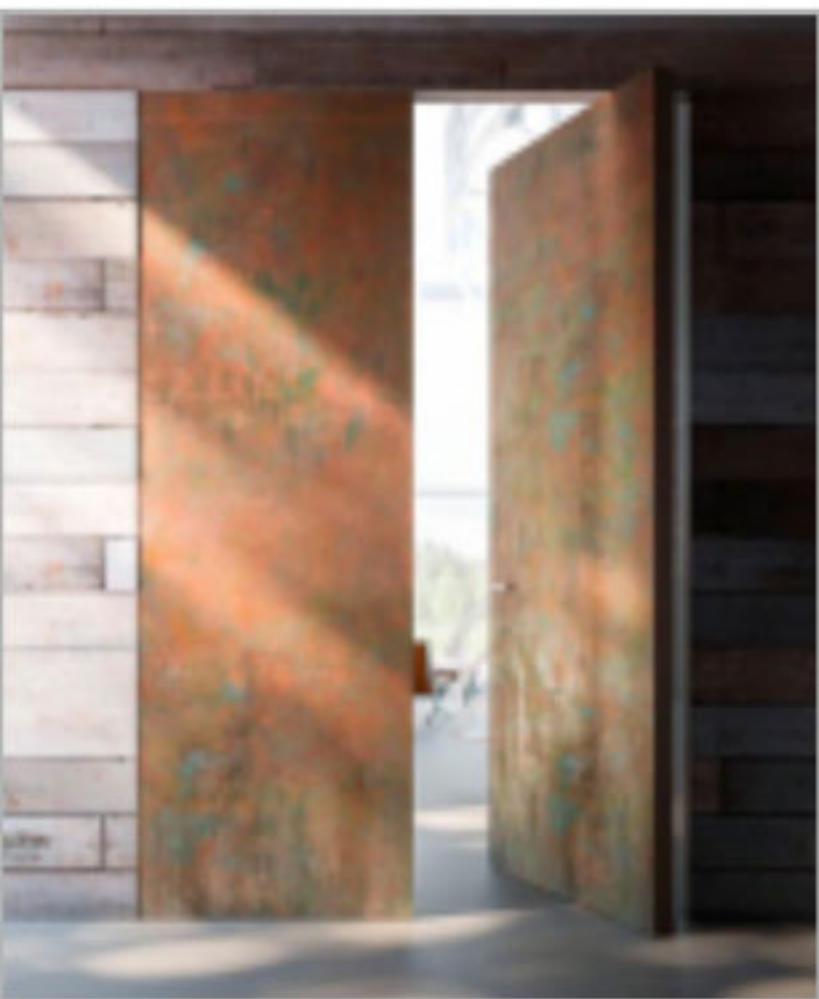

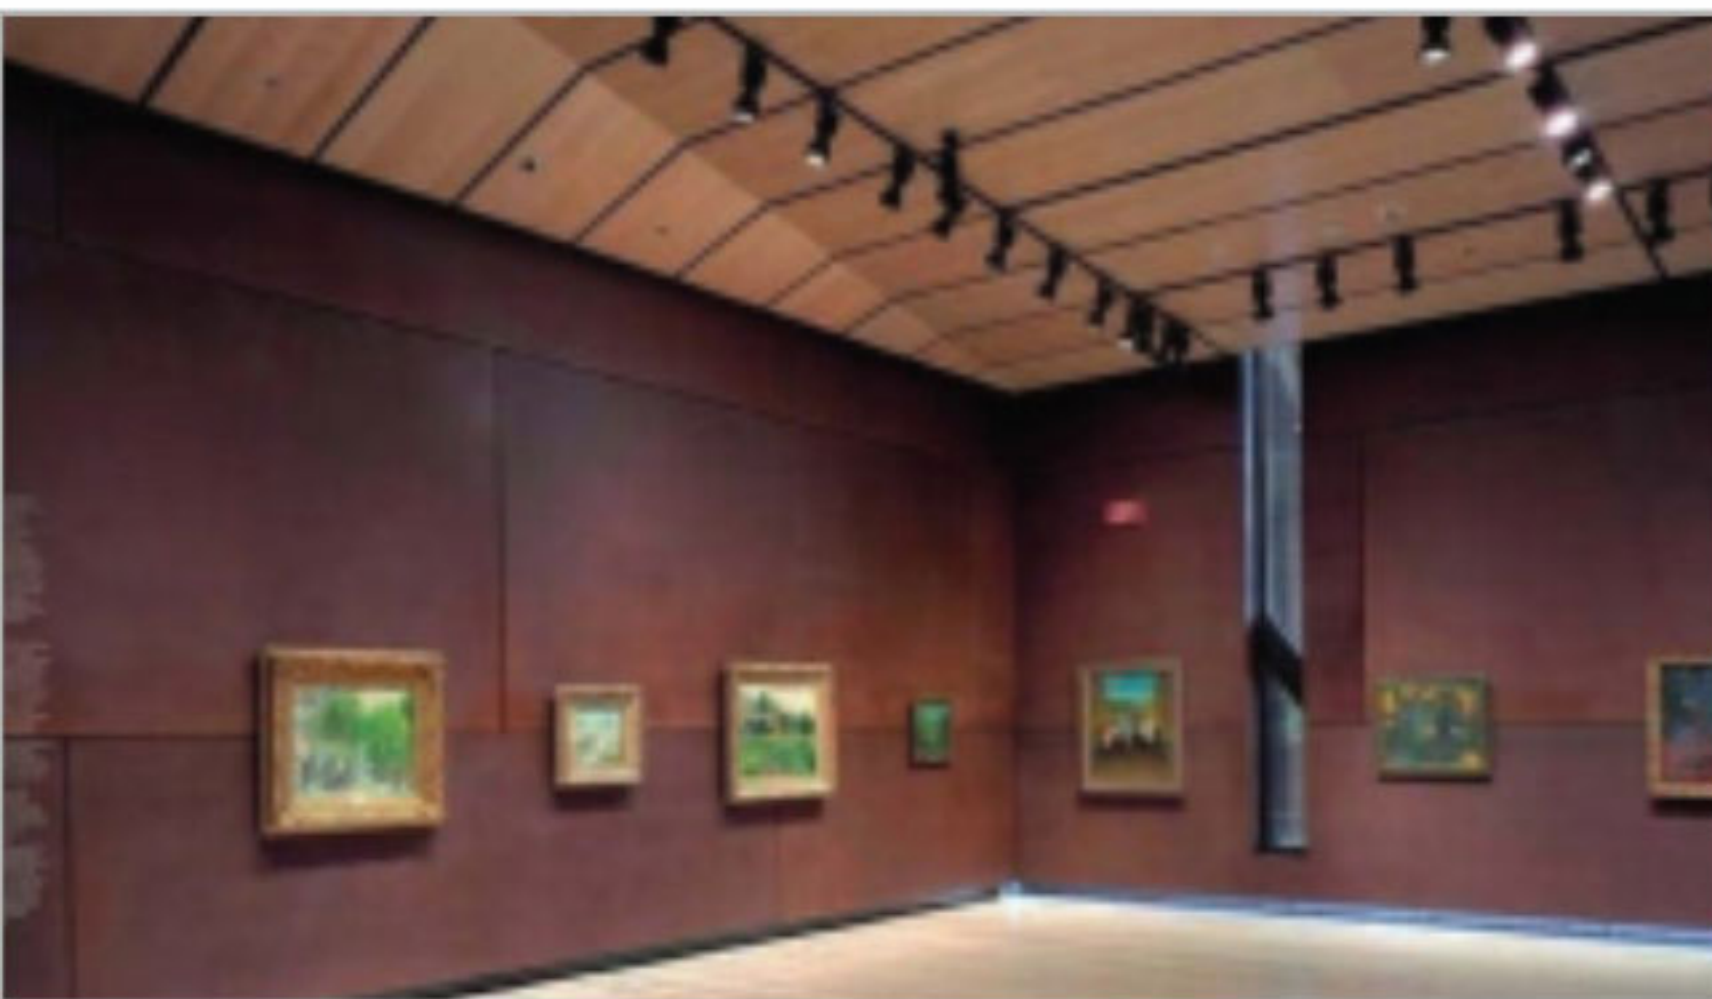

PATINA SURFACES

Lazlo brings to you handcrafted patina finishes on various metals like steel, zinc, brass, and copper.

Patina is applied to activated metal surfaces to create a unique, mottled, and artistic ambiance that varies from sheet to sheet. The surface is sealed with a clear coat to protect against scratches, scrapes, and rusting caused by environmental factors.

Our pre-finished steel sheets are one of a kind, featuring high variability in color patterning from sheet to sheet. They create a stunning spectrum of color as the angle of view or illumination changes.

APPLICATIONS:

Interior: wall panels, ceiling panels, door skins, furniture skins, lighting fixtures, and art installations.

Exterior: facades, signage, garden installations such as fences, outdoor lighting fixtures, and sculpture installations.

SIZES:

Standard sizes available:

2 × 2, 2 × 4, 4 × 4, 8 × 4 ft.

Customized sizes are also available to meet your specific requirements.

SERVICES:

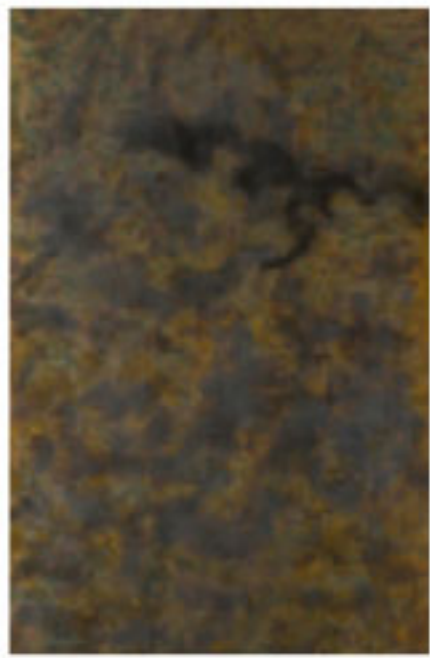

We provide installation services at the site for seamless integration.

If you wish to install the finishes yourself, we supply the necessary adhesives and tapes.

With over 100 finishes to choose from, Lazlo is here to help you create stunning and unique spaces.

Custom Solutions & Installations

Delivery and Installation:

We deliver and install your wall panels, doors, and ceilings.

Patina and Metal Effects:

We provide job work, applying patina and metal effects on your installations according to your requirements.

Turnkey Furniture and Fabrication:

We offer turnkey furniture and fabrication installations based on your design.

Custom Metal Work:

We create custom-designed metalwork for any project.

Art Installations:

We specialize in crafting and installing metal art pieces.

Architectural Metal Design:

We provide tailored solutions for unique architectural metal requirements.

Site Consultation:

We offer consultation for the design and integration of metal finishes and installations.

Please note: The process is handmade with the help of a natural oxidation process. The pattern will not be identical, ensuring each one has its own distinct charm. However, the color palette will remain similar.
