

From Surface to Statement

Wall Surfaces

Coated with Real Metals

 lazloindia.com

Crafted Layers, Living Stories.

Lazlo transforms walls into living canvases – surfaces that captivate at first glance and continue to enchant with every detail. Our designer wall skins are crafted using advanced finishes such as liquid metal, textured concrete, and sophisticated hybrid blends, bringing rich depth, durability, and tactile elegance to any entryway.

Beyond Design: Our Commitment to You

At Lazlo, we're invested in your success from concept to installation - and beyond.

Scalable Sizing & Thickness:

Our skins are crafted from premium HDHMR sheets, available in various thicknesses ranging from 3 mm to 25 mm. Standard sizes (2133 mm × 1200 mm) are available, along with customised dimensions up to 10 ft × 4 ft.

Customised Creations:

We also craft custom designs for door skins and shutters, tailored to your unique vision and project needs.

Finish Options:

Liquid metals (brass, bronze, copper, aluminium, graphite, zinc, rust), textured concrete - seamlessly blending artistry with technical performance.

Effortless Installation:

Our door skins and shutters are designed for effortless integration by professional installers, ensuring a perfect fit and finish every time.

Indoor and Outdoor Use:

Engineered for durability, Lazlo skins enhance both interiors and exteriors - from grand entrances to wardrobes and villa facades.

Ongoing Support:

Technical guidance and after-sales service to help preserve the beauty and performance of every surface.

Let's Bring Your Vision to Life

**Redefine
your wall
with the beauty
of metal.**
